

# Abel Fares

Computer Science student at ENSEEIHT

E-mail abelfares17@gmail.com

## Experience

- 06/2023 - 08/2023 **Supermarket Cashier**  
*Spar, Toulouse*
- 09/2022 - 07/2024 **Private tutoring in Mathematics**  
*Toulouse*

## Studies

- 09/2024 - présent **Computer Science**  
*ENSEEIHT, Toulouse*  
ENSEEIHT is a top ranking engineering school in France especially due to its soaring notoriety in the field of Computer Science.
- 09/2022 - 07/2024 **Maths and Physics, Preparatory classes for Top Ranking Engineering schools**  
*Lycée Pierre de Fermat, Toulouse*  
These preparatory classes, unique to the French education system, are the elite routes to the top engineering schools, which are far more selective and difficult than other first- and second-year scientific bachelor programs.
- 09/2019 - 07/2023 **High School Diploma with high honors - Speciality in Mathematics**  
*Lycée Bellevue, Toulouse*

## Skills

- Programming languages : Python, Matlab, Ada, HTML, CSS
- Good Presentation and Communication skills
- Programming tools mastered : GitHub, VsCode, Bash

## Languages

- Anglais - C2
- Espagnol - A1
- Allemand - A2
- Français - C2

## Centers of Interest

Music | Cooking | Sports | Drawing | Reading

## Projets

- 09/2023 - 07/2024 **Developer and main contributor**  
*Crowd Research and Modeling*  
The preparatory classes include a research project that is assessed as part of the competitive examination for the Grandes Ecoles d'Ingénieurs. I chose to model crowds using Python for graphical rendering and measurements, which enabled me to retrieve the results of a CNRS study.
